Horton Park Primary School
Evidencing the impact of the PE & Sport Premium
Academic Year 2021-2022

The government is providing funding to maintained primary schools and academies that is specifically targeted at improving the provision of physical education (PE) and sport.

PE is an integral part of Horton Park's curriculum through which we believe that every child has a right to the very best possible learning experiences and that everyone can succeed. Our school is situated in the Canterbury Estate where there are significant elements of deprivation, alongside a hopeful and resilient community, who want to be the best for the next generation. At Horton Park we have always believed that we want our children to attain the highest standards in all that they do and become well rounded, healthy individuals.

Our intent is to improve and increase the quality and quantity of PE & physical activity for all children, to show how PE & physical activity can enhance childrens' attainment and achievement and to create pathways for them to continue to be active beyond school. We will continue to develop our links to outside agencies and clubs which will help to generate positive interaction in the community. We have also designed an extra-curricular timetable which places a strong emphasis on PE and sporting activities during school hours and after school hours. This includes football, cricket, multi-skills, badminton, table tennis and archery clubs.

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2021 to 2022 academic year, to encourage the development of healthy, active lifestyles.
