

### Experiences

Music sessions with Lisa Artist  
(Bradford Music Service)

Gingerbread baking

Horton Park Primary  
We Learn to Succeed

Forest Class (RP)

Autumn 1

### Creative Home Learning

#### Things to do at home:

Send photos in of your child playing with toys

Drawing pictures of toys

Play games that involve moving objects between people  
i.e. a ball

### Toys and Games

We adapt our curriculum to the needs and interests of every child in our class. This half term, our learning will have a running theme of toys and games. We will look at toys from the past, toys in the present and toys in the future! We will learn how to play games from around the world that we can share with our friends and families at home. Our provision time is full of exciting play-based learning opportunities to support our children develop a range of skills and knowledge. During our focused task times adults will work with the children on their numeracy and literacy skills within the theme.

### Our Investors in Pupil's Class Target

*We will tidy the areas in the provision areas, making sure we put everything back where they go.*

*Our reward will be a class party with toys and games*

### Weekly Core Vocabulary

Each week, we focus on one aspect of core vocabulary.

Your child will:

- \* Learn the Makaton sign for each word/phrase
- \* Watch videos and listen to stories around the word/phrase
- \* Have a go at writing the word or making the word with object

You can help your child by:

Using the core vocabulary at home in every day sentences i.e. 'I want more' 'no more' 'I need help' 'I like...' 'Show me a different one.' 'It is a ...'

 I want	 not & like	 help
 it	 more	 different

time
